11.0 ICE SOURCING, ALLOCATION AND MANAGEMENT

11.1 Policies

11.1.1 Practice ice will be sourced mainly from Community and City of Calgary Arenas but when required, out of town ice may also be acquired.

11.1.2 Ice is also provided to sub-associations by Ringette Calgary based on need.

11.1.3 Practice ice will be distributed fairly and to all teams, based on the following key factors:

- Maximum 1 practice ice time per week for all AS teams.
- Minimum 1 practice ice time per week for all U10-U19 teams (more will be allocated as available).

11.1.4 Teams must use all assigned practice and game ice. Teams are permitted to trade practice ice only with other Bow View teams. Teams need to use the Practice Pool through Sportzsoft to allow other Bow View teams to pick up ice in the practice pool. If no team picks up your ice time you are still responsible for that ice time. Letting a scheduled ice time go dark will result in your team receiving 2-4 less ice times allocated to your team during the next allotted ice schedule from the Bow View Ice Scheduler. A second offence may result in the Head Coach requiring to attend a disciplinary hearing as per Section 19.0.

11.2 Procedures

11.2.1 The Ice Scheduler will search out and contract any ice that is suitable for Bow View's requirements.

11.2.2 The Ice Scheduler will allocate the available practice ice to teams in as timely a manner as possible.
